

## We believe that...

- All Deaf-Blind people have the right to an independent lifestyle and the right to access opportunities which contribute to a better quality of life.
- Adjustment to current opportunities is necessary and assistance is needed to provide equal access to these opportunities that can and should be available to the Deaf-Blind community.
- Community resources can be designed to enable and support Deaf-Blind individuals to realize their full potential.

## Career Opportunities

### Service Support Person (SSP)

A service support person's role is to facilitate equal participation which enables the Deaf-Blind person to live independently in their community.
